Guiding Principle

It is my belief that the book of Revelation is written in chronological order by key events. Not by the key event's start time nor end point, but by their main impact relative to the other key events of Revelation. For example, the ministry of the two witnesses, and the church in the place of safety come to an end just prior to or at the Second Coming of Jesus Christ. Therefore, these events are described after other events whose main impact precede them and before events whose main impact is after the Second Coming and First Resurrection.
